

J.S.T.(U.K.) Ltd.

Environmental Policy

J.S.T.(U.K.) Ltd is committed to a program of continuous improvement to ensure environmental 'best practice' throughout it's business activities.

We are committed to minimising our impact on the environment through the implementation of an environmental management system consistent with the requirements of; BS EN ISO 14001 'Environmental Management Systems'.

To this end we will;

- Comply with all environmental legislation and regulations applicable to our business and it's activities.
- Endeavor to reduce energy consumption, waste and encourage the use of recycling.
- Develop awareness and commitment of good environmental practices for employees and provide appropriate training programmes.
- Be committed to the prevention of pollution.
- Monitor ongoing environmental management performance and produce an annual report for review at the Environmental Management Review Meeting.

Information relating to this policy will be made available to all employees and on request to all interested third parties.

Signed

Mr T.J.Boughtwood
For and on behalf of J.S.T.(U.K.) Ltd.
